The MB Holiday travels to Hat Island on a regular schedule—almost like catching the bus—yet you have the seclusion and comfort of a private estate.

An outstanding nine-hole private golf course is designed for interesting and challenging play.

The gently rolling course has been carved from 40 acres of beautifully forested land. Native trees line the fairways. Each green area is a work of art, partly surrounded by trees and backdropped by water and mountains.

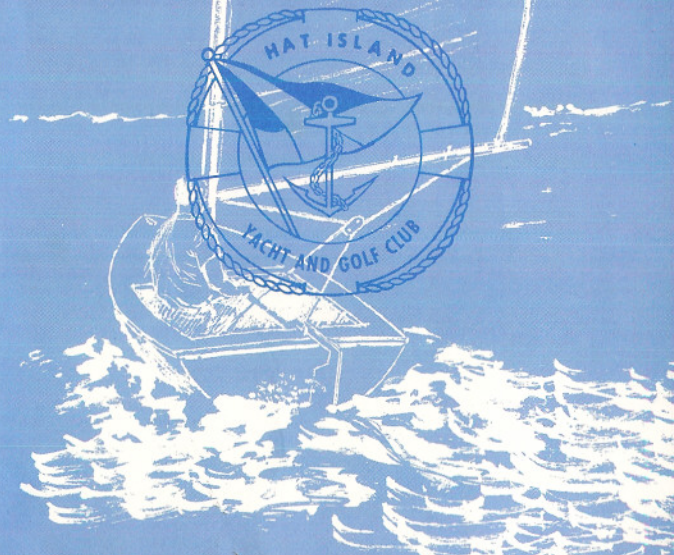

The course is constructed with a complete lifetime sprinkler system covering fairways and greens assuring fine play at all times.

Fun in beautiful Puget Sound. Gently sloping sandy beaches—ideal for the whole family.
