

Parking at the Port of Everett

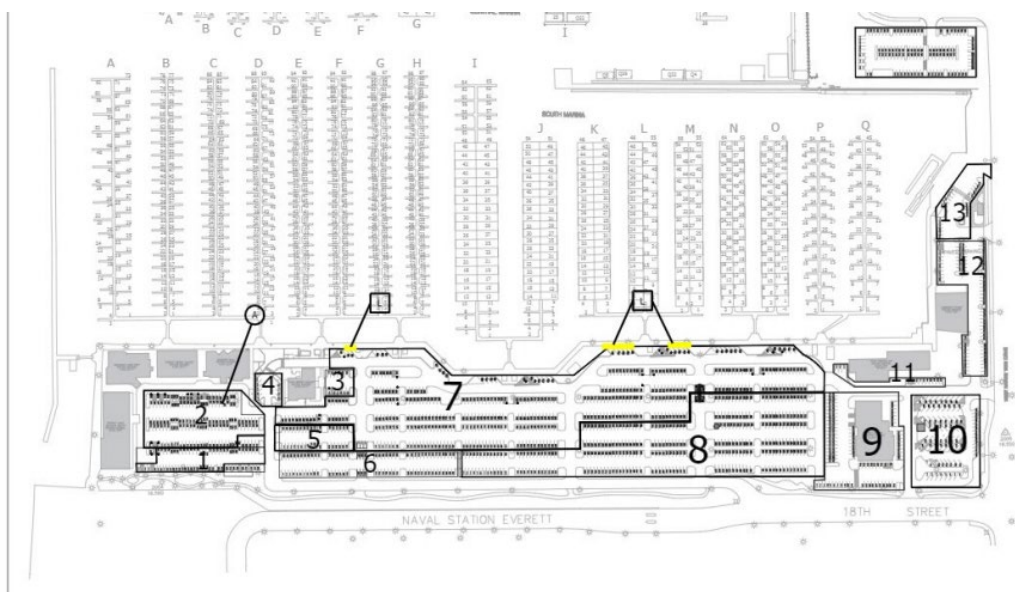

Hat Island Owners:

The Port of Everett leases 45 slips to Hat Island Community Association for long term parking. Owners apply for and pay through LAZ parking:

https://www.portofeverett.com/marina/marina_parking.php

These passes usually sell out quickly. The Port has agreed to sell monthly passes to Hat Island owners while they have capacity to do so. The cost of these leases are \$60 during the high season and \$50 during the low season. Once the Port of Everett determines that they have reached capacity they will not lease anymore spots. Please note that they will only sell these to Hat Island owners

The parking lot for Hat Island owners who have leased a spot at the Port of Everett is located in LOT 8. (For Reference...#9 is West Marine, #2 is near Anthony's).

Hat Island Permit Parking is anywhere in Section 8

Guests:

If you have guests coming to visit, they should park wherever there is guest parking. The first two hours are free, after that they will be charged. The fee for overnight parking is \$10.00 per night.
